S. RES. 513

Whereas many people in the United States maintain classic automobiles as a pastime and do so with great passion and as a means of individual expression;

Whereas the Senate recognizes the effect that the more than 100-year history of the automobile has had on the economic progress of the Nation and supports wholeheartedly all activities involved in the restoration and exhibition of classic automobiles;

Whereas collection, restoration, and preservation of automobiles is an activity shared across generations and across all segments of society;

Whereas thousands of local car clubs and related businesses have been instrumental in preserving a historic part of the heritage of this Nation by encouraging the restoration and exhibition of such vintage works of art;

Whereas automotive restoration provides well-paying, high-skilled jobs for people in all 50 States; and

Whereas automobiles have provided the inspiration for music, photography, cinema, fashion, and other artistic pursuits that have become part of the popular culture of the United States: Now therefore, be it

Resolved, That the Senate—

(1) designates July 9, 2010, as “Collector Car Appreciation Day”; and

(2) recognizes that the collection and restoration of historic and classic cars is an important part of preserving the technological achievements and cultural heritage of the United States;

(3) encourages the Department of Education, the Department of Transportation, and other Federal agencies to support events and commemorations of “Collector Car Appreciation Day”, including exhibitions and educational and cultural activities for young people; and

(4) encourages the people of the United States to engage in events and commemorations of “Collector Car Appreciation Day” that create opportunities for collector car owners to educate young people on the importance of preserving the cultural heritage of the United States, including through the collection and restoration of collector cars.

Mr. REID. Mr. President, we have had a big day in the Senate. Because of my Republican friends, we have been able to accomplish almost nothing—not quite but almost nothing. I love old cars, and I am glad we are able to pass this important legislation: Collector Car Appreciation Day. Collector Car Appreciation Day.

While people out there are looking for jobs, trying to save their homes, we are doing what the Republicans let us do: Collector Car Appreciation Day. That is the extent of our work because the Republicans have objected to everything we have tried to do on trying to reform Wall Street—for obvious reasons.

We all read the press saying the lobbyists are here lined up with their Gucci shoes and their new suits and a lot of new ties because we are told they are spending millions of dollars a week on these people to stop us from reforming Wall Street.

We are going to reform Wall Street. We are going to work through all of these objections. We are going to work through the party of no and the obstructionism.
